Unistore buying process

Frequent and small orders, you can count on our stock!

1 The client goes to the store

2 The client buys goods at the store

3 The store orders from the B2B portal: www.life365.eu

4 In 24 hours, goods are delivered where the client wants

The project

Inkloud is based on simple guidelines:

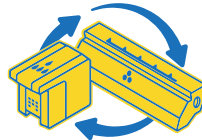

- Five activities in the same store
- entrepreneurial freedom for the store manager “ZERO ROYALTY”
- commercial and technical repair training courses
- Specialized machinery for the smartphone and tablet repair activity
- catchment area exclusivity
